

# The Camden School for Girls Anonymous Art Auction 2024!

The Auction is now LIVE

<https://www.jumblebee.co.uk/anonymousartauction2024>

This is a secret auction, with over 50 lots donated by artists including Elisabeth Scheder-Bieschin, Maggi Hambling, Hugh Ribbans and Michael Landy.

The work includes original gouache, watercolours, linocuts, oil bar, etchings, pastels and more. Almost all the works are A5 postcard size with a few exceptions. Please check the dimensions on the lots.

Some of the artists' work goes for hundreds and sometimes thousands of pounds, so this is an opportunity to grab a bargain. The catch is... the artist will remain anonymous until the auction is over.

However, we have put together this useful study aid for anyone looking to get extra credit... Attached is a list of artists and their websites. With a little bit of research, you might be able to guess which piece belongs to whom...
